

Codependence: The Dance of Wounded Souls: A Cosmic Perspective of Codependence and the Human Condition

This is an unabridged recording of a joyously inspirational book. Codependence: The Dance of Wounded Souls has been called one of the truly transformational works of our time. Author Robert Burney has been referred to as a metaphysical Stephen Hawking - and his work has been compared to John Bradshaws except much more spiritual and described as taking inner child healing to a new level. In Codependence: The Dance of Wounded Souls he combines Twelve Step recovery principles, ancient (and New Age) metaphysical truth, and Native American spirituality with quantum physics and molecular biology in sharing a perspective on the human experience that can lead to a life-changing Spiritual Awakening by reminding you of who you truly are, and why you are here in a human body at this very special time in human history.
