

This book challenges us to look at liberal political ideas in a fresh way. Colin Bird examines the assumption, held both by liberals and by their strongest critics, that the values and ideals of the liberal political tradition cohere around a distinctively individualist conception of the relation between individuals, society and the state. He concludes that the formula of liberal individualism conceals fundamental conflicts between liberal views of these relations, conflicts that neither liberals nor their critics have adequately recognized. His interesting and provocative study develops a powerful criticism of the libertarian forms of liberal individualism which have risen to prominence, and suggests that by taking this term for granted, theorists have exaggerated the unity and integrity of liberal political ideals and limited our perception of the issues they raise.

Violence of Our Lives, International Social Work: Issues, Strategies, and Programs, MALAY MADE EASY., A Home Divided: Women and Income in the Third World, Ecofeminism as Politics: Nature, Marx and the Post Modern, Historic Glenelg: Birthplace of South Australia 1855-1979: a History of the City of Glenelg to June 1979, Incorporating the Book Compiled By W. H. Jeanes, O. B. E., In 1955., Legal Homicide: Death as Punishment in America, 1864-1982, Integrated Ego Psychology (Modern Applications of Social Work),
