

Esseics: Beatific Existentialism or Metaphilosophy of Esse (Trinity) (Volume 2)

Esseics, Mr. Trinites second book in the series Trinity, is the philosophy of the mystical life as lived by Aton, the main character, and his friends, which they discuss in spiritual retreat with their beloved professor, Diamond Light. This stunning philosophy of mysticism continues the monumental chronicle of the Souls journey into Superconsciousness and Oneness with God that was begun in The Mystic, book one of the series. Esseics is Diamond Lights brilliant, final gift to his students and, through them, to all mankind.
