

Calling All Lightworkers (ded. to Bob Proctor): Claim Your Role in the World-Wide Awakening (Born to Triumph Book 4)

Curious whether you are a lightworker? Fairly certain you are one, but not sure what, if anything, you should do about it? Already comfortable with being a lightworker, but you are ready to do more advanced work? (Other terms you may have heard for lightworker are earth angel, energy worker and spiritual healer.) There's no need to study for years before you are capable of being a lightworker. You can start doing energy work with the practice exercises included in this book, and then change your own life and your impact on the world within minutes. The three parts of this concentrated book will answer your needs, no matter what skill level you presently occupy. This in-depth condensed book will help you go from simple curiosity to claiming your life purpose and then acting on it. Everything in our present time in human history is accelerated. That is why the author calls this *The World-Wide Awakening* you've probably noticed all around you that more and more people are interested in learning about personal transformation, and are more open to believing in the philosophy of change. The reason for this accelerated process is that the energy of the world is in a rapidly evolving state. Changes that used to require many years of intense study, practice and apprenticeship are now accessible to us in a weekend or less. It's an exciting time to be alive, but it can also feel scary. You may have a history of hiding from challenges, of trying to make yourself feel safe because of situations around you that were threatening, traumatic, or abusive. And yet all that pain and confusion has prepared you to accept a higher level of love into your life, and radiating it outward to humanity. Evelyn Roberts Brooks is a writer, transformational healer, lightworker, and speaker. She's shared the stage with Bob Proctor (*The Secret*), Gay Hendricks, Peggy McColl, Arielle Ford, Misa Hopkins and other experts in personal

growth. Shes the author of YOU WERE BORN TO TRIUMPH: Create a Five-Star Life in Your Quantum Kitchen, FORGET YOUR TROUBLES: Enjoy Your Life Today, GET HAPPY TODAY: No More Excuses! and other personal growth books, as well as screenplays and novels, including THE DREAM SPINNERS. Evelyn is passionate about helping others experience a transformational healing in their lives, reduce their stress, heal heartache from loss, divorce, grief and trauma, and lead happier lives. Her goal is to uplift, inspire and encourage, while showing people how to gain clarity and manifest more of what they really want in all areas of their lives. Be sure to stop by Evelyns central web site evelynbrooks.com and claim free instant download access to your \$97 gift collection to relax, unwind and de-stress. It includes a 25-minute guided meditation to help you release regrets for the past and worries for the future and learn how to more easily and readily enjoy the power of living in the present moment. Heres what Kirkus Reviews says about Evelyns big fat juicy book YOU WERE BORN TO TRIUMPH: Create a Five-Star Life in Your Quantum Kitchen: Her unflagging exuberance and you-can-do-it attitude will encourage readers to remain at the buffet. This persistence pays off with nuggets of wisdom about turning ones thinking around; for example, Brooks tells of how she learned the importance of rule-breaking by drinking from a Colored Only fountain as a child. Wisdom like this can change lives, and Brooks book serves up plenty. A self-improvement recipe with plenty of ingredients worth nibbling on their own.
