

## Weekly Affirmations For Mediocre Moms

Bought a book of daily affirmations only to feel horrible about yourself for skipping several days in a row because Timmy threw up at dinner, Susie needed cupcakes for the class party, and you are trying to hold down a full-time job, be the neighborhood hot mom, and queen of the carpool? Why not try a book which fits into your schedule? For those mothers who need their efforts affirmed, but can't keep up with daily reading, *Weekly Affirmations for Mediocre Moms*, won't make you richer, won't manifest a new job, and won't nurture your inner child, but will work out those ab muscles - from laughing - and help you celebrate your mediocrity as a mother.
